
Self-applied use of the OneDraw device for Covid-19 sampling**Participant study number****CONSENT FORM A** Version 1.0 (26/05/2020)

Chief Investigator: Professor Nicholas Wareham

1. I confirm that I have read and understood the information sheet version () dated (__ / __ / ____) for the above study and have had the opportunity to consider the information, ask questions and have had these answered satisfactorily.
2. I understand that my participation is voluntary and that I am free to withdraw at any time, without giving any reason and without my medical care or legal rights being affected.
3. I agree to provide blood sampled in different ways to assess the feasibility of COVID-19 antibody measurement using the OneDraw device
4. I understand that the samples I have given will be completely anonymised and used for Covid-19 testing as well as other biomarkers.
5. I understand that the information collected about me can be stored by the MRC Epidemiology Unit, University of Cambridge.
6. I understand that feedback given by myself to the study team will be anonymised prior to use by others to improve the device home use instructions.
7. I understand I will not be informed of my blood test results.
8. I understand that my anonymised samples may be stored for future use by ourselves or collaborators, and that this might include industrial or overseas collaborators.
9. I understand I will not benefit financially from this study.
10. I agree to take part in this study
